Anchovy Pcs In Sf Oil

Product ID: 60156
Vendor ID:
Category: Seafood
Brand: Pesce
Package Size: CS
Description:

From the clear blue waters off the northern Sicilian coastline, local fishermen catch the wild silver anchovies and sardines that speckle the sea. The fishermen then take their precious catch to the Pesce Azzurro salting plant to be processed within 24 hours maximum. The anchovy and the sardine are fish that deteriorate very quickly so this prompt processing is the secret to a wholesome, healthy product.
